## About Me

---

I am currently in my 8th semester of my Computer Science degree at SZABIST University, Islamabad, and now seeking internship opportunities to apply my skills in Web technologies. With hands-on experience in full-stack Web development using the MERN stack (MongoDB, Express.js, React, Node.js), as well as proficiency in HTML, CSS, and Bootstrap, I am eager to contribute to projects that require a strong technical background in web development and a collaborative approach.

## Education

---

BSCS, SZABIST University, Islamabad	2021 – Current
ICS, Roots International, Islamabad	2019 – 2020
O-Levels, The City School, Islamabad	2018

## Skills

---

**Programming Languages:** Python, C++, JavaScript

**Web Development:** HTML, CSS, Bootstrap, Tailwind CSS, MERN Stack (MongoDB, Express.js, React.js, Node.js), Electron React

**Databases:** MySQL

**Networking:** Cisco

**3D Game Development:** Unity

## Internships

---

<b>AI/ML Intern</b>	<b>3-Month Internship in Machine Learning, ITSOLERA</b>
Developed prediction and detection models, focusing on data preprocessing and evaluation.	

<b>Data Science Intern</b>	<b>4-Week Internship in Data Science, DEP</b>
Worked on data analysis, visualization, and building predictive models using Python and various data science libraries.	

## Projects

---

**My Watchlist Diaries:** A website for adding and reviewing movies and TV shows I've watched, built using MERN Stack.

**Ash Beauty:** A shopping website for makeup, skincare, and perfume products. Developed using HTML, CSS, and Bootstrap.
